

A Few Facts About Olive Oil

Olive oil may be pure and yet inferior in quality, due to the presence of acid. Oil that is pressed from the meat only contains scarcely any acid, but if the pit is pressed, which in itself yields heavily in oil, the percentage of acid is high. Attican olive oil which we sell exclusively is pressed from the meat only. It does not get rancid, and will be retained by a stomach that will not tolerate other oils. Too, it is superior in flavor. Fine for use as a table oil.

60c per pint, \$1.00 quart, in jugs;

THE SUCCESSFUL MAN

says "a look into the future is a wise precaution." You will find that men who have made their mark in life and attained the greatest measure of success were individuals who were foresighted. They knew the advantage to be derived by the judicious saving of a part of their earnings. Why not follow in the footsteps of the successful and open a bank account with a reliable institution.

The Perryburg Banking Company.
